

## 2008 Report

### One Million Trees

- Hidaya initiated this project in Pakistan and the United States. Once well underway, Hidaya intends to execute this project in other countries where Hidaya works as well.
  
- In the Spring of 2008, Hidaya purchased over 70,000 tree seedlings and distributed to mostly students and few farmers at various communities for planting in Pakistan & US.
  
- At every school and community a team lead and back up implemented the project successfully in addition to Hidaya Project Manager. Team lead will be monitoring and providing monthly reports of survival rate of seedlings.
  
- 
  
- Margosa (Neem), Eucalyptus, Conocarpus, Acacia, Moringa and Jamun seedlings were distributed in Pakistan. Additional varieties were planned to be added to the list during the next plantation season in August 2008.
  
  
- In the Fall of 2008, Hidaya's team in Pakistan planted a total of 15,166 seedlings consisting of Neem, Sareenh, Jaman, Acasia, Euclyptus, Conocorpu, Lemon, and other plants.
  
  
- Hidaya has established its own nursery in Sukkur, Pakistan for ongoing and timely supply of seedlings. The nursery is growing nearly 150,000 plants for planting in surrounding areas upon maturity.
  
  
- Norway Spruce (Flemington, NJ), Long leaf pine (Swansboro, NC), White Spruce (Buffalo, NY), and Eldarica Pine (Phoenix, AZ), Coast Live Oak (Santa Clara, CA) were or are being distributed in United States among several schools.

Students from A New Jersey school received seedlings from Hidaya Foundation
